The Centro Nacional de Investigaciones Cardiovasculares (CNIC), a Severo Ochoa Center of Excellence, is seeking students with an outstanding academic record and a committed interest in undertaking a PhD Research Project in the area of cardiovascular disease.

Requirements:

- Candidates must be final year undergraduate students or hold a university degree in a biomedical science related subject.
- Candidates must have an average grade of 2 on a scale of 1-4 for completed credits.
- Candidates can be of any nationality, but must have a basic knowledge of English

We offer:

- Recruitment to an excellent research center equipped with the latest biomedical technologies in the cardiovascular area.
- Enrollment on the CNIC PhD program, which offers additional funding to cover costs related to course attendance, short stays, etc., as well as continuous support from the Predoctoral Office and the PhD Thesis Committee.

Applicant should complete and send the application form and a full CV by email to predoc@cnic.es before May 3, 2012.
